JOHN W. ROBE TO GIVE LAND FOR NEW PARK

PURCHASED SEVEN ACRE
TRACT FROM THOMAS O'CON-
NELL FRIDAY.

DEAL ANNOUNCED SATURDAY

Mr. Robe Intends To Give Land To
City At Later Date For Needed
Park.—On Hanna Street.

A real estate deal was consummated
Friday afternoon by which John
W. Robe purchased the seven acre
O'Connell tract, which is located at
the end of Hanna street, with the
view of later turning the entire prop-
erty over to the city for use as a
city park.

Greencastle has long been in need
of a park as many cities of smaller
size have and maintain parks in
their respective townships. The Rotary
and Kiwanis clubs of Greencastle
have contemplated purchasing land
for use as a park for some time and
this location seemed the best for the
purpose.

Mr. Robe stated Saturday that he
would turn the land over to the city
at a later date. The location is one of
the best in the city for such a pro-
posed project and is an improvement
that the city has long needed.

The tract is the same one that was
proposed to be the site for the Sec-
ond and Third ward consolidated
school, if the later project had gone
through. The land was bought from
Mrs. Thomas O'Connell.

BAUSMAN HAS BIG OFFER AT BRAZIL HIGH

TIGER CUB MENTOR IS SOUGHT
BY CLAY COUNTY
SCHOOL.

SHOULD BE KEPT HERE

Coach Bausman Has Produced Win-
ning Football and Basketball
Teams During Time Here.

Brazil high school is seeking W. E.
Bausman, Greencastle coach, to direct
football and basketball activities at
the Clay county seat. It is reported
that the Brazil school board is will-
ing to pay Bausman a sum which ex-
ceeds what he is getting here. This
amount is said to be \$2,000 for eleven
months work.

Bausman is getting \$2,700 in
Greencastle. He should be kept here
as he has produced a state finalist
contender and a regional runner-up in
basketball the past two years. Be-
sides considerable success in basket-
ball, Bausman has developed fighting
football squads during his four years
as Cub mentor. He has delivered the
goods and can continue to do so with
plenty of material to select from
especially in basketball next winter.

Brazil is anxious to secure his ser-
vices, and Greencastle should be just
as anxious to retain him. Bausman, it
is believed does not want to leave here
and it may be that some plan can be
arranged whereby he will remain
here to coach future winning Tiger
Cub aggregations.

FRAUDULENT CHECK ARTIST NOT TRACED

CHARLES E. HAYS IS PROMI-
NENT TERRE HAUTE CITI-
ZEN. NOT HIS SIGNATURE.

Local officials upon investigating
the forged check for \$131 that had
been presented to the McKean First
National Bank of Terre Haute last
Wednesday for payment, and which
was written on a blank check of the
Putnam County Co-operative Associa-
tion, found that the signature of
Charles E. Hays, which was indorsed
on the back of the check, was aud-
itor for a large coal company in Terre
Haute, was not the same as the sig-
nature on the check.

Hays was called to the bank Fri-
day morning and he looked at the
signature and he stated that the sig-
nature looked somewhat like his own
but upon close investigation it was
found that the signature was dissim-
ilar with his own handwriting.

The check had been presented at
the bank where Hays was well known
and where he kept his own personal
account.

DARING FLIERS MAKE LANDING ON SMALL ISLE

DUE TO ISOLATION OF GREEN-
LY ISLAND REPORTS OF
LANDING ARE DELAYED.

LANDED AT NOON

Lack of Fuel and Combatting Heavy
Headwinds Necessitated Forced
Landing on Small Island.

NEW YORK, Apr. 14. (UP)—The
Atlantic westward is conquered. The
giant Bremen, German monoplane,
with her German-Irish crew landed
safely on Greenly Island, a tiny speck
in the Belle Isle strait, Friday noon.

The fliers did not fully achieve
their announced goal, Mitchell Field
or Heaven," but landed on the island
in a thirty-four hour jump from Ire-
land to Labrador. Lack of fuel and
combatting strong headwinds, was
the cause of the forced landing, ac-
cording to a dispatch received from
Baron Von Huenefeld.

The plane was slightly damaged in
the forced descent as the Bremen
was resting under the sheer rock
cliffs of Greenly Island, a small "dot"
on the map marking the southern tip
of Labrador. The three airmen seem-
ed unharmed by the long arduous and
almost fatal trip from Balldonnell field.

All reports agree that the plane
landed about noon Friday but because
of the isolation of their landing place,
practically seven hours elapsed before
the news of their safety could be an-
nounced. The first message came in
a wireless message form from Pt.
Armour, Labrador and had been re-
layed there by courier. The first re-
port read:

"German plane landed Greenly Is-
land noon. Slightly damaged. Crew
well."
The news that the fliers were safe
was hours late in reaching the out-
side world because of the fact that
messengers had to traverse the twenty-
miles intervening between the Is-
land and the radio station, whether
by foot or by dog team.

Commander Richard E. Byrd, north
pole and trans-Atlantic flier, praised
the crew of the Bremen when he
heard the reports of the safe landing
of the Bremen. Byrd stated that the
distance through the air going from
east to west is equivalent to at least
six hundred miles farther than going
from west to east, due to adverse
weather conditions.

MITCHEL FIELD, L. I., April 14.
(UP)—Fred Melchoir, pilot of the
Junkers plane which was to have
gone to the relief of the crew of the
Trans-Atlantic Airplane Bremen, to-
day said that a Canadian patrol boat
would pick up the three fliers at
Greenly Island and take them to
Quebec.

At St. Johns, Newfoundland, 400
miles southeast of Greenly Island,
trans-Atlantic flying has been the one
big sensation of the last year. The
natives have been looking eastward,
waiting skeptically for a glimpse of
the first plane to fly out of the wide
Atlantic from Europe. Thus far they
never have seen one.

The Bremen passed over to the
north of St. Johns, probably thrown
off its course by treacherous head-
winds—the same which aided Lind-
bergh when he was going the other
way—or by the rotation of the earth,
which no aviator has been able to
reconcil with to his own advantage.

The inability of previous pilots of
westward trans-Atlantic planes to
cope with unfavorable headwinds
probably explains their failures. The
Bremen completed the 1800-mile over-
water flight but in doing so consumed
a supply of gasoline which its crew
had estimated would carry it to New
York with fuel to spare. Newfoundland
was still 12 hours from its goal.
On that basis the other planes,
which were much heavier than the
Bremen, must have exhausted their
gasoline far out in the Atlantic and
gone down, invisible monuments to
the winning but costly fight of man
against the elements.

The island where the Bremen came
down is in the straits which lie be-
tween Newfoundland and Labrador
and reports here today said that snow
was falling when the gray monoplane
wobbled through the mid-day sky and
finally came to a landing.

To reach Greenly Island the plane
would have had to cross the northern
tip of Newfoundland, probably 50 or
60 miles. The fact that the pilots
avoided a landing there seemed in-
credible, yet it proved their courage
and determination to fly as long as
their fuel held out.

The condition of Uriah Gasaway
was reported as being about the same
Saturday.

FLIERS DIDN'T INTEREST HER

SHELBYVILLE, Ind., April 14.
(UP)—While interest in the Trans-
Atlantic flight of the Bremen Mono-
plane was at its height last night a
woman walked into a local newspa-
per plant.

"Have they been found," she said.
"Yes, they were sighted over New-
foundland," came the answer.

"Newfoundland? Why where is
that?"

"Six hundred miles from New York
it's certain they've crossed the At-
lantic."

"I can't understand," the woman
said, "why I lost them in the public
square."

"Well, aren't you inquiring about
the fliers?"

"Fliers, Oh my no, I wanted to
know if you had found my false
teeth. Don't you remember I put an
ad in your paper?"

CHILE SNOW SLIDE TRAPS 200 NATIVES

24 FOOT DEEP AVALANCHE RE-
PORTED IN LOS GIRONES
REGION.

20,000 ANIMALS ARE BURIED

Worst Is Feared for Persons Trapped
By Snow Slide According To
Santiago Reports.

SANTIAGO, Chile, April 14. (UP)—
The Talca correspondent of the
newspaper Nacion said today that 200
persons and 20,000 animals had been
buried under a 24-foot snow in the
Los Girones region.

Many of the people have been in
the ravine for three days, the cor-
respondent reported.

Although no death list was avail-
able it was feared most of those
snowed in had died from cold and ex-
posure.

The unconfirmed reports said that
many of those buried were tourists.

The snow, one of the worst in
years, was reported to have com-
pletely covered the lake Los Girones
region. The region has been isolated
three days.

Authorities rushed help to the strick-
en area today. Trucks carrying doc-
tors, medical supplies, and other re-
lief measures were sent from Santi-
ago.

DECISION ON DIVORCE WAS GIVEN TODAY

MARTIN NICHOLS OF MARION
TOWNSHIP WAS AWARDED
JUDGMENT.

WAS CROSS COMPLAINTANT

Evidence Was Heard In Circuit Court
Last Monday and Tuesday And
Closed Tuesday Morning.

Martin Nichols, Marion township
resident, cross complainant in the
suit for divorce, Roxie B. Nichols vs.
Martin Nichols, was granted a di-
vorce, from Roxie Nichols, by Judge
James P. Hughes in the Circuit Court,
Saturday morning at 11 o'clock.

The evidence in the case was heard
Monday and completed Tuesday morn-
ing, but action in the cause was passed
by Judge Hughes until Saturday
morning. Mrs. Nichols was awarded
\$800 alimony by the court including
\$150 attorney's fees. Each the plain-
tiff and defendant are to pay their
own court costs.

In the original complaint Mrs.
Nichols had asked for an alimony of
\$4,000. It was brought out in the
evidence that the couple was married
in 1925, but that both had been mar-
ried once previous to their last mar-
riage.

Judge Hughes stated that ordinari-
ly when both parties to a divorce are
suing for the action, and when the
evidence is fairly near even, the di-
vorce is granted to the woman.
However, he said that in this case
the evidence showed that the woman,
soon after she was married, would
leave their home and go to the house
of her father and would stay two and
three days at a time.

He also said that he thought if
each party would have tried to do
what was exactly right that they
could have lived together. Chickens
and canned fruit were also divided by
the court. Nichols had seventy-five
chickens on his farm at the time he
was married and at the present time
there are 179 fowls, so the number
over the seventy-five was divided
equally between the couple involved
in the action. Mrs. Nichols was also
awarded half of the canned fruit in
the house.

GARAGE BLAST TURNS DANCE INTO TRAGEDY

33 BODIES RECOVERED FROM
RUINS OF WEST PLAINS,
MO., BUILDING.

18 DANCERS ARE INJURED

Explosion Traps Dancers In Hall On
Second Floor. Many Burned
Beyond Recognition.

WEST PLAINS, Mo., April 14 (UP)—
The toll of dead in an explosion
which wrecked a crowded dance hall
here last night mounted to 33 today
as rescue workers recovered bodies
from the smoldering ruins of the
structure.

Eighteen persons were injured, and
property damage was estimated at
\$250,000.

More than 60 persons were in the
dance hall, many of them on the
floor, when the explosion came.

The walls burst outward, and many
of the dancers were hurled out of the
building.

Some were thrown clear across the
street, witnesses reported.
A moment after the explosion the
dance hall was in flames, and many
of the persons not thrown clear by
the explosion were trapped without
hope of escape.

The flames spread to nearby build-
ings. The lighting system was af-
fected, and rescue workers were forced
to work by the haphazard light of
lanterns and automobile headlights.

The explosion occurred in a garage
on the first floor of the building. The
dance hall was on the second floor.
Many of the victims were burned
beyond recognition.

The cause of the explosion could
not be determined as the owner of
the garage was killed by the blast.
Force of the explosion not only
caved in the dance hall but also shat-
tered windows in the buildings sur-
rounding the public square.

The detonation was heard through-
out west plains.

The Atlantic is conquered. Flying
westward, Baron Von Huenefeld, Col.

James Fitzmaurice, and
Airmen Captain Hermann Koehl,
Conquer completed their hazardous
Ocean journey, falling but little
short of their objective

landing. After many attempts and
as many failures, the two daring Ger-
mans and the Irish flying colonel left
Dublin on the morning of April 12,
after waiting for sometime for favor-
able weather conditions. The German
airmen left the Tempelhof Air-
drome at Berlin on March twenty-
sixth for Dublin. The many attempts
to span the Atlantic has shown sev-
eral things, the main thing of course
is that the trip can be made from
either side, but it also shows that in

Of The Day

Here And There

The DePauw baseball squad left early this morning for Champaign, Ill., where they crossed bats with the Illinois University second team this afternoon. The first team at the Sucker school was in Iowa City battling the Tigers and the Illinois second was playing.

Thinly clad representing the Brazil and Greencastle high schools, were scheduled to compete in a dual meet here this afternoon on Blackstock field. The weather was more suited for football than track but the boys were determined to "shiver on".

The meet was called off by mutual agreement of both coaches this afternoon due to the cold.

YESTERDAY'S RESULTS
American Association
Minneapolis, Indianapolis (train), Columbus, 1; Milwaukee, 0.
Kansas City, 5; Toledo, 2.
Louisville, 7; St. Paul, 8.

American League
New York, 8; Philadelphia, 7.
Washington, 6; Boston, 4.
St. Louis, 4; Detroit, 3.
Cleveland, 1; Chicago, 1 (called sixth, rain).

National League

New York, 7; Boston, 3.
Brooklyn, 6; Philadelphia, 1.

WATCHING THE SCOREBOARD
Yesterday's Hero: Arlie Nehf, veteran southpaw pitcher. He turned the calendar back half a dozen years and pitched the Chicago Cubs to their first victory of the season over his ex-teammates, the Cincinnati Reds, 2 to 0. Discarded by the Reds as through late last year, the Cubs picked Nehf up at the waiver price and Joe McCarthy's judgment was vindicated yesterday.

Andy Cohen and the New York Giants continued to step along at a lively pace, beating the Braves again, 7 to 3. Andy drove in two runs with a double in an eighth inning rally. Dazzy Vance dazzled the Phillies and the Robins evened the series with a 6 to 1 victory.

Wet grounds kept the Pirates and Cardinals idle.

The St. Louis Browns made it three in a row over the Detroit Tigers by putting over the tying run in the ninth and the winning run in the eleventh. The score was 4 to 3.

Babe Ruth's double in the seventh provided the run with which the New York Yankees took the second straight from the Philadelphia Athletics, 8 to 7. Lou Gehrig hit a home and a triple and Joe Mauer hit two home runs and a triple.

The Senators beat the Red Sox, 6 to 4, and the White Sox-Indians game was halted by rain at the end of the sixth tied, 1-1.

TO RECEIVE GRANCE
SEYMOUR, Ind., April 14. (UP)—Forest (Frosty) Hermann, local baseball star, is to receive a chance with the world's most unique baseball team—the long haired line representing the House of David. All that Frosty has to do to hold the job is to grow a beard.

One of the clauses in Hermann's contract is that he must not shave or get his hair cut while a member of the team.

Hermann was a member of the Seymour Reds last season and played a steady game behind the plate and it is said by his friends here that he is a pinch to land the catching job with the House of David athletes.

MOVIES
AT THE GRANADA

The combined acting skill of Emil Jennings and the directing of Josef von Sternberg, stamp "The Last Command," which appears at the Granada theater on Monday and Tuesday as one of the outstanding pictures of the year.

Jennings, whose unusual characterizations in such Paramount productions as "The Way of All Flesh" and "Variety" and others, who has brought the unanimous acclaim of critics as the greatest living character actor on stage or screen, plays the role of a Russian general in this new picture. He has created a distinctive type of man in this role, bringing out the military characteristics of an army commander, and at the same time making him a genial and beloved figure.

Von Sternberg, as a revolutionary director, is a lover of the "different" in motion pictures. His "Sensation Hunters," his first picture, which was followed by "Underworld," stamped him among the elite of Hollywood's best directors.

Beautiful Evelyn Brent, who scored such a big success in "Underworld" and William Powell, of "Beau Geste" fame, are chief in the supporting cast of "Jannings."

DR. W. N. HESS
TO LEAVE DPU
FOR HAMILTON

PROF. GAGE OF SAME DEPARTMENT TO TEACH AT VANDERBILT UNIVERSITY.

DePauw university will suffer the loss of two well known members of the faculty, this year, Dr. Walter N. Hess and Dr. George R. Gage, both of the department of biology, who are accepting positions in other institutions.

Dr. Hess, head of the department here for eleven years, will become head of the biology department of Hamilton college, Clinton, New York, beginning next September. Hamilton college is a college for men which limits its enrollment to 400 students. The size of the classes will enable Dr. Hess to have closer contact with his students, and the appointment will take him back near his parental home and close to his own college, Cornell university.

Dr. Hess took his undergraduate work at Oberlin college, but received his A. M. and Ph. D. degrees from Cornell. He is a former Johnston scholar of John Hopkins university, and has spent nine summers in the Marine Biology laboratories at Woods Hole, Massachusetts. Besides carrying an unusual teaching load at DePauw university, for more than a decade, Dr. Hess has served in the capacity of faculty secretary and a member of numerous committees. He also taught in the summer school in 1919. During the summer of 1919 he was bacteriologist in the United States Army, at Camp Dix, N. J.

Dr. Gage, associate professor of botany, has been elected to the staff of the department of biology of Vanderbilt university, Nashville, Tennessee, where he will have courses in botany. Before coming to DePauw university Dr. Gage taught at Michigan State college and Cornell university from which institutions he had received the M. S. and Ph. D. degrees. He has been teaching at DePauw university since 1923.

Lesson for April 15**TRANSFIGURATION AND SERVICE**

LESSON TEXT—Mark 9:2-9.
GOLDEN TEXT—He that abideth in me, and I in him, the same beareth much fruit; for apart from me ye can do nothing.
PRIMARY TOPIC—Jesus Shows His Glory.
JUNIOR TOPIC—Jesus Shows His Glory.
INTERMEDIATE AND SENIOR TOPIC—What Faith and Prayer Can Do.
YOUNG PEOPLE AND ADULT TOPIC—The Meaning of the Transfiguration.

When Christ announced His death which was to take place on the cross, the disciples were unable to see how victory could issue from death. Jesus took with Him Peter, James and John into the mountain.

Two men from the upper world were sent to converse with Jesus about His approaching death at Jerusalem—the very thing about which the disciples refused to talk. The transfiguration is therefore a foregleam of the coming kingdom.

I. Jesus Christ Glorified on the Mountain (vv. 2, 3).

He took the disciples "by themselves" and was "transfigured before them." This shows that the purpose of the transfiguration terminated upon the disciples and not on Christ. Christ's rebuke of Peter for his unwillingness to hear concerning His death apparently for a time estranged the disciples from Him. To heal this breach an unusual transaction was required. His shining raiment was typical of that glory which shall be manifest when Christ comes back to the earth. His appearance on the mountain typifies His visible appearance on the Mount of Olives (Zech. 14:4, 9).

II. Peter, James and John Represent Israel in the Flesh in Connection With the Kingdom (v. 2).

Christ is peculiarly the King of Israel. According to Ezekiel 37:21-27, the Israelites are to be the central people in the kingdom. This people shall be gathered from among the nations and united as one in that kingdom, in their own country.

III. Moses and Elias Appeared in Glory With Jesus (vv. 4-13).

These men in the glorified state are typical of the state of the saints in glory. Moses, who was once denied an entrance into Palestine, appears now in glory representing the redeemed of the Lord who shall pass through death into the kingdom. Multitudes of the Lord's own who have fallen asleep shall be awakened at Christ's coming and pass into the kingdom. Elias represents the redeemed who shall pass into the kingdom through translation. Some shall be living upon the earth when the Lord shall come, and they, without dying, shall be changed and thus pass into the kingdom (1 Cor. 15:50-53; 1 Thess. 4:14-18).

1. Peter's proposal (vv. 5, 6).
So definitely was the method of the kingdom unfolded before Peter that he proposed to erect tabernacles for Christ, Moses and Elias. It is true that the unveiling of the majestic person of Christ and the panoramic display of the kingdom somewhat disconcerted Peter; yet he grasped its central meaning and proposed to celebrate the advent of the kingdom which had been prefigured in a tangible way.

2. The divine voice out of the cloud (vv. 7, 8).
God declared Jesus to be His beloved Son in whom He was well pleased. If one would know what is pleasing to God, let him study Jesus, who perfectly did His Father's will.

3. Jesus' charge (vv. 9-13).
He charged them that they should tell no man concerning the things which they had seen until He had risen from the dead.

IV. A Demonstration of the Purpose of the Establishment of the Kingdom (vv. 14-29).

When they descended from the mountain of transfiguration they witnessed a great multitude in a state of perplexity. The immediate cause of this state was the grievous condition of a young man possessed with a demon (v. 18). The father of the young man had appealed to the disciples to cast the demon out, but they were unable to do so. When they brought him unto Jesus, the foul spirit was rebuked and came forth. This young man's state is representative of the nations who are oppressed by the Devil. Just as this young man was grievously oppressed, causing him to cast himself into the fire and into the waters, so the nations today in their perplexity are doing the things which will result in their own destruction. The Devil will be peculiarly active in the oppression of men and nations in the last days.

Getting Salvation

If we are going to get salvation, we have got to get it upon God's terms and not upon our own; and that is why I fear that a good many people will not get it—simply because they can't have their own way about it.—D. L. Moody.

Sailing to Glory

We do not sail to glory in the salt sea of our tears but in the red sea of a Redeemer's blood.—Christian Monitor.

Citizens in regards of our rally for the church June the 18th as so many things have been in progress. Such as Easter and the wonderful banquet given by the Men's Social Club, of Greencastle, at the K. of P. Hall No. 49, which was one of the greatest events given by the colored in this city. It was Mrs. Roberta McCarty, who broadcasted the Spirit of Wishes to this annual banquet, and the paper dealt upon Wishes. Until the pastor and members are wishing that the members will be more dutiful to their church in the future than in the past, all things being well in hand. The trustees will meet Wednesday evening and the Rally drive will be put in operation.

The Easter program was a complete success and we are trusting that our rally will be the same.

"CHEATING CHEATERS"

October 21, 1927, and ere the glow had faded from the western sky, April 10, 1928, she had gone, leaving a sorrowing mother and father and little sister, Betty Jean.

"Our little Queen" as she was lovingly called had at all times a smile for everyone, and the sunshine of her dear ways will be missed all ways.

A baby—"the sweetest flowers of all," sent to do God's will, her work is done! God wanted her for his garden above, where she will be beckoning us toward Heaven and God.

"She was a lovely thing scarcely formed or moulded.

A rose, with all its sweetest leaves yet folded."

"Yet 'twill only be a sleep,
When with songs and dewy light
Morning blossoms out of night,
She will open her blue eyes
Neath the palms of Paradise

Harry Leslie

Raymond S. Springer

Charles A. Greathouse

Harry Leslie, Chairman of the Central Indiana Area for the Lincoln Memorial Campaign, has reported to Frank C. Ball, state campaign chairman, the appointment of five district chairmen to head the campaign organization throughout his area.

Mr. Leslie announced the following appointments: For the Lafayette district, Professor Thomas F. Moran, of Purdue University, well known historian and authority on Lincoln; for the Terre Haute district, Fred Stalnaker of Terre Haute, prominent city official and civic leader; for the Muncie district, Frederick P. McClellan, Muncie business man; for the Connersville district, Raymond Springer, Connersville attorney and state of-

feer of the American Legion; and, for the Indianapolis district, Charles A. Greathouse, prominent Democratic leader and member of the Executive Committee of the Indiana Lincoln Union.

"With these men as district chairmen I believe that the Central Indiana Area will go over the top in the Lincoln Memorial Campaign," Mr. Leslie reported to the state chairman. He advised Mr. Ball that all the chairmen were now actively engaged in selecting county chairmen to serve under them and were organizing their districts with committees and workers. "I know of no state movement in recent years that has won the support and active leadership of such outstanding Indiana citizens as has the project to redeem and set aside as a memorial the Indianapolis district, Charles A. Greathouse, prominent Democratic leader and member of the Executive Committee of the Indiana Lincoln Union.
